The area

The elegant white building of the early '900 is located near Piazzale Loreto. The Loreto district is located a short walk from Milano Centrale train station and just 10 minutes from the Duomo using the subway. It is a lively area, one of the most multi-ethnic in which young people are committed to giving a more modern face to the neighborhood making it dynamic during the day and lively at night. It is also well connected to the rest

of the city thanks to the many trams, buses and subways it owns.

Living room and kitchen

The living room is characterized by warm tones of orange and brown that meet harmoniously. The room has a comfortable double sofa bed, a coffee table and lamps that testify a game of opposites, perfectly synthesized in the ornaments above the TV. Next to the sofa bed is the kitchen, again in dark brown wood. It is complete, equipped with all major appliances, such as refrigerator, oven, coffee maker and kitchenette. Design elements abound in this room as well as throughout the house.

Bedroom and bathroom

The bedroom is striking for its bright colors and eccentric furnishings. It consists of a comfortable double bed and a large wardrobe designed to store items and clothes. The design details of this room embellish the environment giving it a playful touch. Next to the room, the bathroom is elegant and original: complete with all sanitary ware, shower and sink with mirror.
